

# Wheeled table circular saw

## R-Cut 700M and R-Cut 700Z

The types Wisa 700Z and Wisa 700ZMG are user friendly and secure solutions for working with wood in agriculture and forestry.

A special dust and shaving deflection allows a very comfortable usage.

A large wheeled table with ball bearing guide ensures easy control and very deep cuts.

The size of saw blades varies from 600 to 700 mm. Maximum safety due to an adjustable saw blade protection with handhold for different wood diameters.

*Ideal for cutting  
wood in agriculture  
and forestry!*

# Types overview

## Technical information

R-Cut 700M

R-Cut 700Z

Design model	Wheeled table circular saw R-Cut 700M	Wheeled table circular saw R-Cut 700Z
Type	Fully galvanised and powder-coated all-steel design	Fully galvanised and powder-coated all-steel design
Table insert	Aluminium	Aluminium
Saw blade	Ø 700 mm	Ø 700 mm
Cutting depth	215 mm	215 mm
Drive	Electric motor 5,5 kW, 1400 rpm	PTO-gear
Electricity	Switch-plug-combination 16 A Brake switch including phase inverter (400V)	
Weight	140 kg	140 kg
Further details	Special circular saw engine with overheating protection, zero potential release and extraordinary strong grey cast iron case	Angular gear with sliding clutch

### Type overview wheeled table circular saw R-Cut 700M

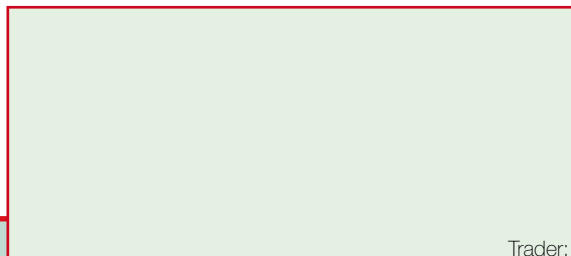

Saw blade	Engine	Port	Item num.
700 CS-KV	4,0 KW, 400 Volt	16A, 5-pole	33.109
700 CS-KV	5,5 KW, 400 Volt	16A, 5-pole	33.120
700 HM-LFZ	5,5 KW, 400 Volt	16A, 5-pole	33.163

### Type overview wheeled table circular saw R-Cut 700Z

Saw blade	Engine	Item num.
700 CS-KV	PTO-gear	33.325
700 HM-LFZ	PTO-gear	33.365

### Accessories

Accessories	Item num.
Chassis with two wheels and a lift handle	39.005
Off-road wheel, galvanised/powder-coated	39.003
Joint shaft	14.692
HM – saw blade	42.108

Technical and optical alterations are possible
